

Stormwater Coalition
Construction and Post-Construction Sites
Introduction to Erosion and Sediment Control Inspection
For Stormwater Programs

Agenda

Friday, August 22, 2008 8 AM – 1 PM
TMACOG Boardroom
300 Dr. Martin Luther King Jr. Drive, Toledo, OH

The Stormwater Coalition (SWC) provides its members a forum to address stormwater management on a watershed level. The purpose of the Coalition is to develop and implement stormwater management policies and procedures.

This event is informal training for municipal personnel, to learn how to inspect construction and post-construction sites for compliance with sediment control regulations. It is designed to help meet EPA requirements, but it is not part of an EPA review.

8:00 **Welcome & Introduction – Program Overview**

Kurt Erichsen, TMACOG

TMACOG Stormwater Standards Manual

8:10 What's in it, and how to use it to meet stormwater permit requirements

Kurt Erichsen, TMACOG

8:20 **Stormwater Management Plan: the Outline of Your Program**

Chuck Campbell, City of Toledo

8:40 **Discussion of Toledo's Program: Lessons Learned**

Dan Ross, Natural Resource Conservation Service

Construction and Post Construction inspections for Stormwater Management Plan Compliance: a Field Demonstration

Dan Ross, Natural Resource Conservation Service

9:00 Dan will ask attendees to review the erosion control practices at the sites as if they were doing an inspection. He will offer his comments and suggestions. This will be an informal demonstration of how to conduct field inspections for effective erosion control.

We will carpool to inspection sites for this portion of the meeting

Questions and Discussion from Field Tour

12:30 **Next Steps: training for local inspectors in Erosion and Sediment Control**

Dan Ross, Natural Resource Conservation Service

Kurt Erichsen, TMACOG

1:00 **Adjourn**

Certificates of Completion will be provided for Ohio Professional Engineer CPD hours.
